

## Electrics

### Company Disconnect

There is one 300 amp company disconnect located on the stage right pin rail approximately 20 feet off the deck. The renter must provide Cam lock cables and they must have knowledge of tying into the system.

### Lighting Control Console

ETC Ion

- Full Fader wing, 2x20
- Dual Elo touch screen monitors
- Version 2.3.3, try to keep up to date
- 1024 output

### Dimming

ETC Sensor 3 dimmers

192 2.4K modules

Each dimmer is assigned its own address and can be individually controlled by the lighting console

### Follow Spots

4 Follow Spot kits are used on ETC Source Fours. Can be placed in various locations throughout the space. Inquire for best placement.
